Professional Floor Systems Product sheet

SPW series

New version available

Since the end of year 2008 the HTC 420 comes with the EZchange™ system which means that it use the same tooling system as the rest of the machines from HTC. The tools in this section is for the older version of HTC 420.

Upgrade to EZchange™ system

If you have an older version of the HTC 420 you can have it upgraded with the EZchange™ system. Contact your local HTC office for more details.
