

HTC Professional Floor Systems Product sheet

HTC Greyline™ 270

HTC Greyline™ 270 is a single headed grinder that is easy to carry and reaches into tight, impractical areas. With a special accessory kit the single-phase grinder also turns into an effective edge grinder in only minutes. The machine separates for easy transport. [Read more about the edge grinding kit.](#)

Edge grinder only

The floor grinder is also available as an edge grinder only.

Need extra power?

The machine is also available with a more powerful motor (2,2 kW, 16 Amp). This version is called HTC Greyline™ 270 HD.

Edge grinding accessory kit

With the HTC Greyline™ 270 edge grinding is now a piece of cake. Available is an accessory kit which turns the HTC Greyline™ 270 into an effective edge grinder in minutes. [Read more](#)

Easy Grinding

HTC Greyline™ literally means easy grinding. Select and attach your tools, plug the machine to the wall & start grinding.

Easy tool choice

Three standard tools in different grit sizes for removal of coatings and leveling of concrete are all the tools needed, it can't be easier.

Separates for easy transport

All floor grinders in the HTC Greyline™ series separates for easy transport.

Floating Cover HTC Greyline™

All grinders in the HTC Greyline™ series come with a floating cover. The floating cover simplifies handling of the machine and creates a better dust absorption. No need for a separate splash guard.

Robust chassis

The robust and sturdy chassis makes the machines perfectly balanced which is important when grinding but also simplifies machine handling for tools change etc.

EZchange™

The HTC developed tool change system is quick, simple and safe. One tooling system for all HTC's grinding machines. [Read more](#)

Good working environment

HTC's machines are perfectly balanced during grinding with vibration levels much lower than the threshold values. Sound levels are very low and grinding is more or less dust free.
