HTC 800 Classic

The HTC 800 Classic series is an excellent choice and is a very effective and versatile machine. The machine is powerful and robust while being easy to operate.

The Classic model is fitted with the new hub system which makes the machine extremely reliable and reduces the need of service and maintenance.

The models are fitted with an 11.0 kW motor which makes them very powerful and effective.

- The Classic model is fitted with three grinding discs.
- The machine is large yet easy to handle and delivers high performance.
- Affects the grinding pressure using extra weights.
- Good operating economy.
- HTC Superfloor™ – Approved Equipment

Outstanding quality

HTC's high quality means that HTC as the only company in the industry can offer a 2 year warranty on the complete machine range. [Download data sheet](#)

Floating Grinding Cover

Together with the dust extractor it prevents dust to spread in the premises. Since HTC's grinding covers are flexible you can grind much closer to corners and edges.

EZchange™

The HTC developed tool change system is quick, simple and safe. One tooling system for all HTC's grinding machines. [Read more](#)
