EZ CA Series

The new, improved CA Series

Faster in the beginning and lasts longer in the long run!

The CA Series is a complete line of floor grinding tools for use on normal to soft concrete, natural stone and terrazzo. The course segments in the CA series are ideal for removing a variety of floor coatings such as epoxy paints, adhesives, self-leveling compounds and more...

- 15% better cutting capacity
- Up to 20% longer life
- EZchange™ and innovative EZstart™
- Perfect for floor preparation
- This series of tools is one of the most used in the market
- Improved metal bond

The CA Series comes both as double segments and single segments. Below you find the double segments.

EZ CA 0 Lilac
(Item Number: 211772)

A coarse segment for removal of various coatings. Works well on aggressive surfaces.

Also available: single segment version (211773).

EZ CA 1 Silver
(Item Number: 211777)

A standard segment for concrete, removal of adhesive, rain-damaged surfaces and newly-cast floors. The segment gives a coarsely-structured surface. CA1® has a high removal rate in relation to its life.

Also available: single segment version (211778).

EZ CA 2 Gold

(Item Number: 211782)

An all-around segment for concrete, natural stone and terrazzo. The tool has a long life and high removal capacity.

Also available: single segment version (211783).

EZ CA 3 Gray

(Item Number: 211786)

A slightly finer concrete segment that also works well for paint removal. Can in some situations be used as the first step on normal concrete.

Also available: single segment version (211787).

EZ CA 4 Brown

(Item Number: 211791)

Use this tool after a previous grinding step if a high removal rate is desired. Gives an almost score-free surface.

Also available: single segment version (211792).

EZ CA 5 Black

(Item Number: 211795)

Gives a slightly finer surface after a previous grinding step. Used for concrete, natural stone, and terrazzo.

Also available: single segment version (211796).
