EZ SF Series

The EZ SF tools are recommended when grinding a HTC Superfloor™.

The SF Series comes both as double segments and single segments. Below you find the double segments.

EZ SF 0 Lilac
(Item Number: 210885)

A segment with very large diamonds. Efficient for removal of adhesive residue and other coatings.

Also available: single segment version (211217).

EZ SF 1 Silver
(Item Number: 210886)

A standard segment for concrete, removal of adhesive, rain-damaged surfaces and newly-cast floors. The segment gives a coarsely-structured surface.

Also available: single segment version (211218).

EZ SF 2 Gold
(Item Number: 210887)

A very efficient segment for grinding concrete. Recommended for normal to hard concrete.

Also available: single segment version (211219).

EZ SF 3 Gray
(Item Number: 210888)

A slightly finer concrete segment that also works well for paint removal. Can be used as step 1 on very hard concrete.

Also available: single segment version (211220).

EZ SF 4 Brown

(Item Number: 210890)

A slightly finer concrete segment used to remove scores after rough grinding.

Also available: single segment version (211221).

EZ SF 5 Black

(Item Number: 210891)

Gives a score-free surface after SF 4.

Also available: single segment version (211222).
