SGW Series

HTC Plastic rings - For wet grinding of natural stone floors with uneven surfaces.

SGW 1 Silver, 220 mm

(Item Number: 210974)

SGW 1 is preferably used for rough grinding on uneven natural stone and terrazzo floors. Excellent for grinding unprocessed floor tiles.

Also available: 160 mm (210968) and 270 mm (210980).

SGW 2 Gold, 220 mm

(Item Number: 210975)

SGW 2 is normally step 1 when wet grinding natural stone and terrazzo. The tool has a high removal capacity.

Also available: 160 mm (210925) and 270 mm (210981).

SGW 3 Gray, 220 mm

(Item Number: 210976)

A slightly finer segment that can be used as step 1 for grinding natural stone and terrazzo.

Also available: 160 mm (210970) and 270 mm (210982).

SGW 4 Brown, 220 mm

(Item Number: 210977)

A finer segment for natural stone and terrazzo. Removes scores after previous grinding steps in the SGW series.

Also available: 160 mm (210971) and 270 mm (210983).
