T-Rex™ Dome

The traditional T-Rex™ tools cut and effectively remove all coatings. T-Rex™ Dome is a further development of T-Rex™. The tool works effectively, removing a lot of material thanks to its properties. T-Rex™ Dome scores, grinds and crushes the coating.

EZ T-Rex™ Dome A
(Item Number: 211570)

The ultimate tool for stripping and coarse-grinding.

EZ T-Rex™ Dome A, Protect segment
(Item Number: 211567)

The ultimate tool for stripping and coarse-grinding equipped with a runner guard.

EZ T-Rex™ Dome B
(Item Number: 211569)

The ultimate tool for stripping and coarse-grinding. The B version is produced for the HDX machine's anti-rotating tool holder.

EZ T-Rex™ Dome B, Protect segment
(Item Number: 211568)

The ultimate tool for stripping and coarse-grinding equipped with a runner guard.
The B version is produced for the HDX machine's anti-rotating tool holder.
