EZ BB Series

These new Super Resin tools are a further development of the SR Series (Super Resin). The tools are made from a completely new formula and include other innovations which will make a huge difference for the grinding capacity. The main benefit of these tools is the extended life. They also leave a more uniform scratch pattern compared to other tools which speeds up the grinding process.

- Includes the latest grinding tool technology
- Up to 30% extended life compared to similar tools on the market
- High cutting rate
- More uniform scratch pattern
- Speeds up the grinding process
