EZ SR Series

The new SR series simplifies grinding and provides an increased efficiency. A new design and updated formula in one single, uniform tool series.

The new full SR series replaces HTC's previous SR and MR tools. The design of the new series is optimized for grinding with more space between the segments, the tools has an enriched formula for improved cutting performance and a longer life. The series contains a total of six tools and is used primarily in the HTC Superfloor™ process.

- Based on the latest resin technology
- Replaces previous SR and MR tools
- Simplifies the grinding process
- Increased performance
- Primarily used in the HTC Superfloor™ process
- Can be used for bot dry and wet grinding

EZ SR 3 Gray
(Item Number: 212360)

Suitable for coarse grinding of all types of concrete, terrazzo, self-leveling compound and natural stone floors. The tools have a high removal capacity resulting in maximum efficiency.

EZ SR 4 Brown
(Item Number: 212361)

Suitable for grinding of all types of concrete, terrazzo, self-leveling compound and natural stone floors. The tools have a high removal capacity resulting in maximum efficiency.

EZ SR 5 Black
(Item Number: 212362)

Suitable for grinding of all types of concrete, terrazzo, self-leveling compound and natural stone floors. The tools have a high removal capacity and is suitable to use when removing scratches from previous steps.

EZ SR 6 Blue
(Item Number: 212363)

Suitable for lighter removal or as a following step to previous grinding.

EZ SR 7 Red
(Item Number: 212364)

Suitable when finer scratch pattern than previous step is desired.

EZ SR 8 White
(Item Number: 212365)

Suitable when finer scratch pattern than previous step is desired.

EZ SR 9 Yellow
(Item Number: 212366)

Suitable when finer scratch pattern than previous step is desired.
